

# 2024 NorCal – Pleasanton, CA

**6 Day-Course**  
You can place up to  
**4 implants!**

## Basic Implant Course-Group B

### Course Objective:

Basic Implant Course is specifically designed for dentists who are new to dental implant placement. The first session will concentrate on basic surgical and implant therapy, with a focus on mastering the single-tooth implant. The course aims to provide dentists with a solid foundation in the knowledge and skills required to safely and effectively diagnose, plan, and place dental implants in their own offices.

Dr. Christopher Petrush

Dr. Janice Wang

Dr. Doug Wong

Dr. Deepak Shetty

Dr. Jason Chen

Dr. Joseph Kim

## Meet Our Instructors

### Dr. Christopher Petrush

- Rensselaer Polytechnic Institute
- New York University, Doctor of Dental Surgery
- UCSF - Residency Program
- Dr. Christopher Petrush

Dr. Petrush is a Diplomate of the American Board of Oral Implantology, the highest level of credentialing possible in the field of Implant Dentistry. He also became an Honored Fellow in the American Academy of Implant Dentistry in 2023 and has lectured globally on the topic of bone grafting. He is a frequent guest speaker for the AAID Las Vegas Maxicourse and is the director of the Chicago AAID Maxicourse where he educates doctors from around the country in all aspects of implant dentistry, ranging from basic implant treatment to more advanced surgical and prosthetic procedures.

### Dr. Janice Wang

- University of the Pacific School of Dentistry, San Francisco - Completed Doctor of Dental Surgery Degree
  - University of California, Davis - Completed Bachelor of Science Degree in Animal Physiology
- Owner/Dentist of practice focused on placement and restorations of dental implants. This is a referral based implant dedicated practice. Experienced on multiple systems (Hiossen, Dentis, Nobel, Zimmer, Endopore plus others). Experienced in bone grafting, sinus grafting, and difficult cases of narrow or short bone and free-handed surgery with correct spacing and esthetic outcomes. Experienced in trouble shooting difficult cases including poor/awkward placements, fractured implants, restoring old/obsolete systems, correcting and improving esthetics. Completed over 5000 implant placements.

### Dr. Doug Wong

- Creighton University, Omaha, NE
- BS in Chemistry
- Doctor of Dental Surgery, Boyne School of Dental Science
- Certified by Nobelpharma
- Prosthetic Procedures for Dental Implant Edentulism Treatment
- Hands-On Orthodontic Seminars Completion
- Ankylos Introduction to Implant Surgery
- All on 4 analog & 4 digitals
- Continuous training in Bone Grafting and Soft Tissue Management
- Active Teeth Express Provider for Bio Horizons

### Dr. Jason Chen

He received his undergraduate degree from The University of California, Davis and received his Doctorate of Dental Surgery degree at the University of the Pacific in San Francisco. Before joining the dental practice in San Leandro, he did research in dental materials and advanced dental bonding techniques at The University of California, San Francisco. Dr. Chen's primary interests are in digital dentistry and computer-generated, guided implant surgery. He has been using CEREC technology for over 14 years with extensive training fabricating one-visit crowns, veneers, on-lays and bridges.

### Dr. Deepak Shetty

Graduating in 1994 with subsequent Master's degrees in Crown and Bridge Prosthodontics and Orthodontics, Dr. Shetty brings over 15 years of experience to his patients. Alongside teaching in dental schools, he actively participates in professional meetings. Committed to staying at the forefront of dental advancements, Dr. Shetty undergoes training with global leaders, emphasizing expertise in cosmetic dentistry. Regularly attending scientific sessions at UOP, UCLA, and UCSF, he remains dedicated to ongoing learning and delivering top-notch care.

### Dr. Joseph Kim

Dr. Joseph Kim, DDS, commits his expertise to dental health at Smile Plant Dental. After serving in the South Korean Army, he earned a 2001 Computer Engineering degree from the University of Illinois. Dr. Kim completed a pre-professional program at the University of Washington and dental studies at Columbia University. A member of various dental organizations, he undertakes 100+ hours of annual education, specializing in laser and implant dentistry with advanced technologies. Dr. Kim also focuses on sleep apnea and pediatric dentistry, building enduring doctor-patient relationships.
