

TOTAL SINUS **Portland, OR** PLUS 3D BONE GRAFTING

Sinus Augmentation Using PRF for Lateral and Crestal Approaches

Course Objectives

Case Selection for Sinus Augmentation

Learn how to identify and evaluate suitable cases for sinus augmentation procedures.

PRF Preparation Techniques

Master the process of creating Platelet-Rich Fibrin (PRF) for use as a membrane, sticky bone, and sinus filler.

Lateral Sinus Approach

Understand the indications for a lateral sinus approach and gain step-by-step guidance on performing the procedure effectively.

Crestal Sinus Approach

Explore the indications and various methods for performing a crestal sinus approach.

Sinus Membrane Repair

Learn techniques to repair sinus membrane perforations and maintain procedural success.

Management of Sinus Pathology

Gain the skills to identify and remove sinus pathology safely and effectively.

Handling Sinus Complications

Develop strategies to manage potential complications associated with sinus augmentation.

Horizontal and Vertical Grafting Mastery

Master the techniques for horizontal and vertical bone grafting to enhance treatment outcomes.

Improving Graft Predictability

Discover protocols to improve the predictability and long-term success of bone grafts.

Soft Tissue Management

Learn the critical role of soft tissue management in ensuring graft stability and success.

Dr. Kwan M. Lee, DDS, DABOI, DICOI

Dr. Lee is a board-certified implant dentist by the American Board of Oral Implantology (ABOI), which requires rigorous tests and case defenses. This board-certification symbolizes the highest level of competency in implant dentistry. There are only 7 board-certified dentists in Washington and 400 in U.S. as of 2016 and Dr. Kwan M. Lee is among one of them.

After attaining his bachelor's degree in Biochemistry from UCLA, Dr. Lee went on to earn his dental degree from the University of Southern California. Since then, Dr. Lee has completed a year of implant training and general oral surgery training at the University of Washington, School of Dentistry.
