2026 Basic Implant Course

Lecture, Hands-on & Live Surgery
4-Day Course: April 10-11 & 24-25, 2026

Sacramento, CA

Begin with **2** implants, with the option to place more!

Course Objective:

TUITION: \$3,000

Basic Implant Course is specifically designed for dentists who are new to dental implant placement. The first session will concentrate on basic surgical and implant therapy, with a focus on mastering the single-tooth implant. The course aims to provide dentists with a solid foundation in the knowledge and skills required to safely and effectively diagnose, plan, and place dental implants in their own offices.

DAY 1 (Friday, April 10, 2026)

- Evaluating patients: anatomy, medical assessment, site volume
- Understanding fundamentals of bone biology, wound healing, biomechanics
- Navigating implant console, motor, surgical kit, prosthetics
- Planning and placing implants in correct location, angulation, depth via freehanded

DAY 2 (Saturday, April 11, 2026)

- Planning an intermediate case and deciding correct size, position
- Learning materials and methods of bone grafting and membranes
- Restoring implants with excellent cosmetic results
- Implementing excellent sterile technique
- Developing good clinical decisions and clear dialogue with patient

Lecture

Location:
6600 Madison Ave
#4A
Carmichael, CA
95608

DAY 3 (Friday, April 24, 2026)

There will be a prosthetic workshop that demonstrates DENTIS™ implant components and participants will practice drilling with dummy fixtures and models. This will be followed by a porcine mandible model workshop. The final part of the day will include case studies from the course director.

Hands-on

Location:
6600 Madison Ave
#4A
Carmichael, CA
95608

DAY 4 (Saturday, April 25, 2026)

****You can place 2 implants!**

Attendees will participate live surgery that's supervised by the course director and faculty.

- * EA current malpractice policy and an active unrestricted California dental license is required for attendees to be able to participate in surgical procedures.
- ** Expand Your Experience: Additional Implant Placements Available for \$500 Each.

Live Surgery

Location:
6600 Madison Ave

Basic Implant Course Instructor:

Steve Kim
DDS

Education

Dr. Steve Kim earned his Bachelor of Science in Molecular Cell Biology from the University of California, Berkeley, in 1996. He went on to receive his Doctor of Dental Surgery (DDS) degree from the University of Southern California School of Dentistry in 2001.

Experience

Dr. Kim established his general dental practice in Carmichael, CA, in 2004, where he has been providing comprehensive dental care with a focus on patient-centered service. In 2015, he expanded his professional scope by becoming the principal owner of Hana Dental Lab, enhancing his involvement in dental technology and laboratory services.

Dedicated to advancing dental education, Dr. Kim has served as a Faculty Instructor at Hiossen since 2010. In 2018, he was appointed Sacramento Course Director at the Advanced Dental Implant Research and Education Center (AIC), further solidifying his role as a leader in implant training.

His commitment to excellence in implantology is reflected in his credentials. In 2021, he earned a Mastership from both the International Congress of Oral Implantologists (ICOI) and the American Academy of Implant Prosthodontics (AAIP), recognizing his clinical expertise and continued contributions to the field.
