

2026 Basic Implant Course

Lecture, Hands-on & Live Surgery

32
CE

4-Day Course

- June 12-13 & 26-27
- Sept 11-12 & Sept 25-26

Begin with **2** implants,
with the option to place more!

Course Objective:

TUITION: \$3,000

Basic Implant Course is specifically designed for dentists who are new to dental implant placement. The first session will concentrate on basic surgical and implant therapy, with a focus on mastering the single-tooth implant. The course aims to provide dentists with a solid foundation in the knowledge and skills required to safely and effectively diagnose, plan, and place dental implants in their own offices.

DAY 1 (Friday, June 12 or Sept. 11, 2026)

- Evaluating patients: anatomy, medical assessment, site volume
- Understanding fundamentals of bone biology, wound healing, biomechanics
- Navigating implant console, motor, surgical kit, prosthetics
- Planning and placing implants in correct location, angulation, depth via freehanded

DAY 2 (Saturday, June 13 or Sept 12, 2026)

- Planning an intermediate case and deciding correct size, position
- Learning materials and methods of bone grafting and membranes
- Restoring implants with excellent cosmetic results
- Implementing excellent sterile technique
- Developing good clinical decisions and clear dialogue with patient

Lecture

Location:
4305 Hacienda Dr.
Suite 100
Pleasanton, CA
94588

DAY 3 (Friday, June 26 or Sept. 25, 2026)

There will be a prosthetic workshop that demonstrates DENTIS™ implant components and participants will practice drilling with dummy fixtures and models. This will be followed by a porcine mandible model workshop. The final part of the day will include case studies from the course director.

Hands-on

Location:
4305 Hacienda Dr.
Suite 100
Pleasanton, CA
94588

DAY 4 (Saturday, June 27 or Sept 26, 2026)

****You can place 2 implants!**

Attendees will participate live surgery that's supervised by the course director and faculty.

- * EA current malpractice policy and an active unrestricted California dental license is required for attendees to be able to participate in surgical procedures.
- ** Expand Your Experience: Additional Implant Placements Available for \$500 Each.

Live Surgery

Location:
1844 San Miguel Dr.
202
Walnut Creek, CA
94596

Basic Implant Course Instructors:

Janice Wang
DDS

A graduate of the University of the Pacific and UC Davis, this expert leads a referral-based practice with over 5,000 implant placements. Specializing in complex bone grafting and diverse systems, they excel at troubleshooting difficult cases and restoring obsolete implants. Their precision in free-handed surgery ensures superior functional and aesthetic results for every patient, even in the most challenging anatomical or restorative situations.

Doug Wong
DDS

Dr. Wong earned his BS in Chemistry and Doctor of Dental Surgery from Creighton University and has over 35 years of experience in general and restorative dentistry. He has extensive training in implant dentistry, prosthetic procedures, orthodontics, bone grafting, and soft tissue management, including All-on-4 analog and digital workflows. In addition to his private practice, Dr. Wong has served as faculty for basic implant and PRF courses with GDIA, sharing his knowledge and clinical expertise with fellow dentists.

Sanjeev Sharma
DDS

Dr. Sharma, with over 30 years of experience, has served as a General Dentist, Associate Professor, and private practitioner since 1999. Leading Sharma Dental in Dublin since 2017, he is an ICOI Fellow and ADA member, specializing in prosthodontics and committed to clinical excellence and building patient trust.
