

SoCal Bundle Course

3 Courses, 59 CE, Total Tuition \$5,290 → \$4,290 SAVING \$1,000

- Exclusive tuition savings
- Priority access to limited hands-on sessions
- Total 59 CE Credits approved by AGD Pace National Provider
- Networking opportunities with leading implant experts

Lecture & Hands-on

Closed-Chamber Horizontal Sinus Elevation | 8CE

Sunday, June 14, 2026 | Reg. \$800

Elevate your implant practice with the Closed-Chamber Horizontal Crestal Sinus Elevation (CCHSE) technique. This course introduces a minimally invasive approach to achieve predictable 5–8+ mm membrane elevation.

By utilizing hydrostatic physics within a sealed chamber, CCHSE provides uniform elevation and real-time feedback—surpassing traditional, blind methods. Clinicians will master essential instrumentation and troubleshooting to safely perform horizontal augmentations in both delayed and immediate implant sites for superior patient outcomes.

Instructor:
Dr. Kwan Lee, DDS

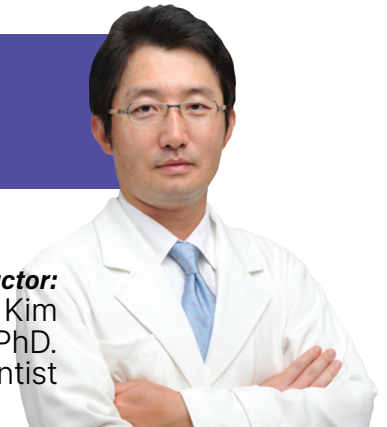

Lecture, Hands-on & Live Surgery

Top Down Implant Course | 35 CE

July 25-26 & August 8-9, 2026 | Live Surgery - August 15
September 19-20, October 3-4 | Live Surgery - October 10 | Reg. \$3,500

The Top Down Implant Course by GDIA is a comprehensive, five-day program designed to master the fundamentals of implant dentistry. Led by renowned prosthodontist Dr. John Kim, the curriculum blends deep theoretical knowledge—covering bone biology and anatomical tracing—with intensive hands-on training. Participants gain practical experience using the DENTIS™ surgical system and conclude the program with a live surgery session, earning 35 CE credits while refining their clinical precision and confidence.

Instructor:
Dr. John Kim
DDS, MS, PhD.
Prosthodontist

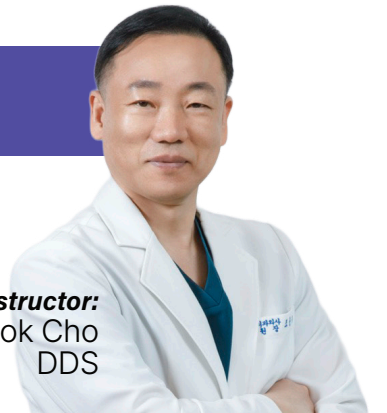

Lecture & Hands-on

Maxillary Sinus Augmentation | 16 CE

August 29-30, 2026 | Reg. \$990

Master the complexities of posterior maxillary implants at the 2026 GDIA Symposium – Maxillary Sinus Augmentation. Led by Dr. Yongseok Cho, who brings experience from over 7,000 cases, this advanced course covers both crestal and lateral techniques. Participants will develop a predictable, decision-driven surgical strategy through a standardized workflow and hands-on simulation. Elevate your clinical precision, earn 16 CE credits, and gain the confidence to handle technique-sensitive procedures with reproducible, high-quality results.

Instructor:
Dr. Yongseok Cho
DDS
